

## Airgun Technology Vulcan Bullpup

**VULCAN TACTIC**

**FEATURE:** TURKISH WALNUT STOCK

**FEATURE:** VERY WELL MADE. QUALITY THROUGHOUT

**FEATURE:** ADJUSTABLE TRIGGER

**FEATURE:** SAFETY

**FEATURE 5** NEW MODERATOR DESIGN --BIG IMPROVEMENT, A LOT QUIETER

**FEATURE 6**

SOME OF THE TECHNICAL FEATURES ARE: THE TRIGGER IS ADJUSTABLE FOR FIRST STAGE TRAVEL AND THE 2ND. STAGE OVER TRAVEL. THIS ALLOWS FOR A NICE CRISP TRIGGER. THE TRIGGER ALSO HAS A COLLAR BUSHING ON THE TRIGGER LINKAGE TO ADJUST THE SPRING TENSION FOR THE WEIGHT OF THE TRIGGER PULL. THE HAMMER SPRING HAS A BUSHING BETWEEN IT AND THE SPRING. THIS RELEASES THE ROTATIONAL TORQUE OF THE SPRING SO

THE SPRING DOES NOT LOOSE ENERGY IN ROTATION. THE SPRING BUSHING ALSO KEEPS THE SPRING CAP FROM UNSCREWING.

## ACCESSORIES

Length 100 mm,  
diameter 28 mm  
Suits all VULCAN  
models from early 2016

Quick fill  
station

VULCAN HAS TAKEN A GOOD DESIGN AND MADE IT BETTER. STARTING WITH TOP-QUALITY CZ HAMMER FORGED BARRELS FOR ACCURACY AND A REGULATED PRESSURE DESIGN THIS IS SURE TO BE A WINNER. IN GENERAL, THE SIDE LEVER IS A GREAT DESIGN, BUT FOR A BULLPUP IT'S AWKWARD TO REACH BEHIND YOUR EAR TO COCK AND LOAD THE GUN. THE SIDE-BOLT WHERE THE BOLT CAN BE SWITCHED FROM LEFT-SIDE TO RIGHT-SIDE IS A SMARTER SYSTEM.

WITH AN OVERALL LENGTH 26 3/4" AND JUST OVER 6 LBS THIS IS A BULLPUP IN THE TRUEST SENSE.

WITH A 250 BAR FILL, YOU GET OVER 60 REGULATED SHOTS AT HIGH POWER. TWO 11 ROUND MAGAZINES COME WITH EACH PUP.

## BULLPUP'S SHIP IN THESE BRANDED CASES

## BLACK SYNTHETIC STOCK OPTION
